

Dear Friends:

“Making a difference – locally, every day” is what Riverside strives to do for the tens of thousands of individuals and families we serve each year in Massachusetts.

Our focus on the whole community is central to both who we are and how we grow! Our top priority is to make sure that the people we serve have access to the mental healthcare and human services they need. We constantly evaluate the programs we offer in every community to ensure that needs are being met with quality care by delivering the services ourselves or partnering with local hospitals, physicians, and schools.

In just some of the many exciting developments this past year, we increased the number of schools where we offer therapy, we opened a new home for four adults with acquired brain injuries, and we saw a 6 percent growth in the number of outpatient therapy visits we were able to offer.

This year’s Annual Report features accomplishments from the past year, snapshots of some of the people we serve and their progress, and recognition of the many donors and friends who make our work possible.

Thank you for being a part of the Riverside community! We could not do it without you.

Sincerely,

Scott M. Bock
Founder and President/CEO
