

Riverside Community Care

Leading the Way in Behavioral Healthcare & Human Services

Our Commitment to Diversity & Inclusion

Through listening and learning, revising our recruitment and training, and now, our newly published, five-year Diversity & Inclusion Strategic Plan, Riverside is taking action steps to ensure we are a welcoming, inclusive, and culturally competent organization.

A Memorable Gala Celebration

We enjoyed a successful and entertaining event, once again! Held virtually on May 1, Riverside's Gala - our largest fundraiser of the year - raised over \$230,000 for child behavioral healthcare and family services in Cambridge, Somerville, and surrounding cities and towns. We are grateful to so many: our sponsors, event honoree Dr. Greg Hagan, singer/songwriter Kemp Harris, the amazing Gala Committee, and everyone who gathered online to support Riverside services. A special thanks to Penny, who shared the story of her daughter's journey with Riverside.

WITH RIVERSIDE COMMUNITY CARE & MINDWISE INNOVATIONS

As we enter a new post-COVID era of work, many businesses are trying to understand how to better support their employees after the ups, downs, and uncertainties of the past year. Join *MindWise Innovations* (a service of Riverside Community Care) experts Dr. Lisa Desai, Psy.D. and Bryan Kohl to learn what behavioral health in the workplace looks like right now, with practical solutions for moving forward.

New Residential Homes

Our Developmental and Cognitive Services division continues to grow! We are getting ready to open two new homes in Medford to support six men with acquired brain injury. The men currently reside in nursing facilities and look forward to building their lives and independence in their brand new apartment communities. Riverside now staffs 32 apartments and homes in 16 communities, serving 123 people with brain injury, or developmental or cognitive disabilities.

New Building in the News

The Milford Daily News covered the opening of the new Riverside Behavioral Healthcare Center at 176 West Street in Milford, welcoming this expansive new space to the region, where it will greatly improve local access to mental health and substance use services at a time of growing need.

Riverside Community Care makes a difference in the lives of individuals, families, and communities through innovative and compassionate behavioral healthcare and human services. A community-based non-profit organization, Riverside offers a wide range of mental healthcare, developmental and brain injury services, early childhood and youth

programs, addiction treatment, trauma response, and more. Riverside's digital platforms are also reaching more than three million people around the globe, providing tools that educate, assess and reduce risk, and improve health.
