

Riverside Community Care

Leading the Way in Behavioral Healthcare & Human Services

Next-Generation Mental Health Practitioners

To address the acute shortage of mental health counselors, Riverside Scholars@Lesley – a unique partnership between Riverside and Lesley University – will offer an innovative and more affordable path for students to earn a master’s degree and enter the field.

Sweeping Away Stigma!

Members of Riverside’s Neponset River House “swept away stigma” and raised awareness about mental health

at the Norwood Common Gazebo on May 11. Watch the Norwood Community Media piece about the event and learn how the Clubhouse model helps people with mental health conditions get back on their feet.

Training Athletes in Mental Health

Mental health can be overlooked in the rigorous physical training regimens of college scholar-athletes, but a number of NCAA Division I schools have recognized the need and engaged Riverside's MindWise Innovations to address mental well-being.

\$900K Grant Strengthens Family Respite Care

Riverside is proud to announce a \$900,000 grant from the Massachusetts Executive Office of Health and Human Services to enhance our capacity to support 100 parents/family caregivers and an estimated 150 youth with behavioral health challenges via our new Caregivers SOAR (Sustainable Opportunities for Access Respite) project.

Riverside Community Care makes a difference in the lives of individuals, families, and communities through innovative and compassionate behavioral healthcare and human services. A community-based non-profit organization, Riverside offers a wide range of mental healthcare, developmental and brain injury services, early childhood and youth programs, addiction treatment, trauma response, and more. And we're now reaching a global audience with evidence-based mental health and substance use services that include educational programs, training, consulting, and crisis response for schools, organizations, and mental health professionals.
