

Leading the Way in Behavioral Healthcare & Human Services

Presents the CCAR Ethical Considerations for Recovery Coaches!

Why Ethics? CCAR developed a two day (16 hr) training that delivers the content Recovery Coaches need to know about ethical decision making. Riverside Community Care values this training because we want to equip Recovery Coaches to be able to meet the challenges they face daily in their work.

Using presentations, small group work, role play and case studies, many areas will be addressed including: defining the coaching service role and functions, coaching standards, issues of vulnerability, ethical decision making, performance enhancement and legal issues.

Transformed People, Transform People

Participants who attend the **CCAR Ethical**

Considerations for Recovery Coaches will:

- Understand what ethics are and why ethics are so important when performing Recovery Coach Services
- Learn how to stay in your lane as a recovery coach
- Understand the decision making process
- Develop guidelines for making ethical decisions
- Apply the new learning to your every day work as a Recovery Coach

Participants attending in full, will receive a **Certificate of Achievement** upon completion of an online evaluation after the CCAR Recovery Coach Academy®.
